Opis produktu

Sports gloves made of soft polyester and neoprene lycra, a combination of fabrics that creates a second skin that adapts to the hand, with a velcro closure at the wrist. These gloves are comfortable for any discipline thanks to their excellent breathability, which is achieved through the open finger design and the heat dissipators on the upper part, which also have a rough finish for an optimal grip. Available in black colour with grey stitching, in sizes S-M and L-XL. Presented in a recycled bag.
